FOLDING ARM AWNING  
**DIDUE**

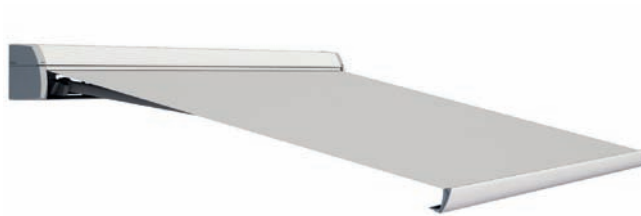

Gibus Australia  
[www.gibus.com.au](http://www.gibus.com.au)

DiDue has been designed with style and simplicity in mind.

The housing is constructed from extruded aluminium with a unique 'D' shape allowing the awning to sit flush against the wall.

When retracted the fabric and components are completely concealed, protecting them from the elements. DiDue is perfectly suited to outdoor balconies and areas where posts and frames are not favourable.

DIMENSIONS

	2 Arms	4 Arms
Min Width	2,400mm	5,900mm
Max Width	5,900mm	7,100mm
Min Projection	1,750mm	1,750mm
Max Projection	3,500mm	3,500mm
Housing Size	189mm (L) x 252mm (H)	

FEATURES & BENEFITS

- Stylish 'D' shaped sealed cassette protects fabric when retracted whilst hiding arms & components from view.
- Architecturally designed - no visible screws or fixings to the wall.
- Robust design with heavy-duty folding arms enables excellent fabric tension & support.
- Flat back ensures awning mounts flush with wall.
- Pitch control allows the awning angle to be adjusted to provide an optimal level of protection - ranges from +5° to -62°.
- Integrated front rail gutter ensures water does not accumulate on the awning fabric.
- Tested to withstand winds that exert a maximum pressure of 70Nm or similar to a persistent wind speed of 38km/hr.
- Variety of fabric colours, patterns & styles available.
- UV treated plastic end caps available in light grey, dark grey & black.
- Awning frame available in Dulux Duralloy & Interpon D1000 powder coat colours.
- Motorised (240v tubular motor) with remote control.
- 5 year manufacturers warranty.

OPTIONAL EXTRAS

- Raya LED light bar - fixes to wall underneath awning.
- Sun/wind or motion sensor.
- Electric heater.
