FOLDING ARM AWNING

**DIM**

Gibus Australia  
[www.gibus.com.au](http://www.gibus.com.au)

The Dim 300/400 folding arm awnings are designed to provide optimum sun and weather protection for outdoor areas while complementing any external facade.

The unique folding arm design means that the awnings do not require any posts or frames, therefore keeping the area below free from obstruction.

With a maximum projection of 4 metres and width of 14.2 metres these are the ideal solution for maximizing large outdoor entertaining areas.

FEATURES & BENEFITS

- Ability to provide sun & weather protection for patios, terraces, balconies & outdoor entertainment areas.
- Largest area coverage on the market.
- Robust design with heavy-duty folding arms enables excellent fabric tension & support.
- Pitch control allows the awning angle to be adjusted to provide an optimal level of protection & comfort - Dim 300 range from +5° to 90° / Dim 400 range from 2° to 72°
- Integrated front rail gutter ensures water does not accumulate on the awning fabric.
- Tested to withstand winds that exert a maximum pressure of 70Nm or similar to a persistent wind speed of 38km/hr.
- Front valance is available straight or waved.
- Manufactured from high quality anti-corrosive materials extruded aluminium & 316 marine grade stainless steel.
- Wide variety of fabric colours, patterns & styles available.
- Awning frame available in Dulux Duralloy & Interpon D1000 powder coat colours.
- Motorised (240v tubular motor) with remote control.
- 5 year manufacturers warranty.

DIMENSIONS

	DIM 300	DIM 400
Min Width	2,400mm	3,600mm
Max Width	11,800mm	14,200mm
Min Projection	2,000mm	3,000mm
Max Projection	3,500mm	4,000mm
